They were not playing music - just talking loudly and a very loud shout (male voice) at 2 am.	St Giles' Terrace overlooking the lake towards Gilbert House end (i.e. very close to my bedroom)	8	It was difficult to see how many but, from the voices, I would estimate around 8 - 10. Groups gathering on St Giles' Terrace from midnight onwards is becoming a regular occurrence and is concerning as noise travels up to the flats in Gilbert House and the perpetrators have no awareness that they are in a residential area.	I did not take any action on this occasion.
