

DC1236 2 Aldermanbury Square

Basinghall Highwalk

Covered Walkway Areas CCTV, Lighting & Security

18th March 2022
Rev 00

Overview

This document details the proposal for the CCTV, lighting and security once the covered walkway is installed on the podium level of the Basinghall Highwalk between London Wall and Basinghall Street and should be read in conjunction with *DC1236-KDC-01-XX-RP-W-0002 Rev03 Justification Report For Rescinding Basinghall Highwalk* previously issued.

These enabling works are proposed to commenced in April in readiness for works to the eastern elevation of City Place House. They will remain in place up until access to the walkway is rescinded on 01 June 2022.

Due to the location of the works they will need to be carried out during out of normal working hours i.e. nights and weekends. The works will take a number of nights/weekends to complete and during this time the access to the highway will be closed with local divers in place.

Once the dates for the works have been finalised this information will be issued to local residents by newsletters, letter drops and emails where applicable.

CCTV

5 CCTV cameras will be installed to ensure that dull coverage is maintained. The CCTV will be monitored 24/7 by the onsite security office.

Lighting

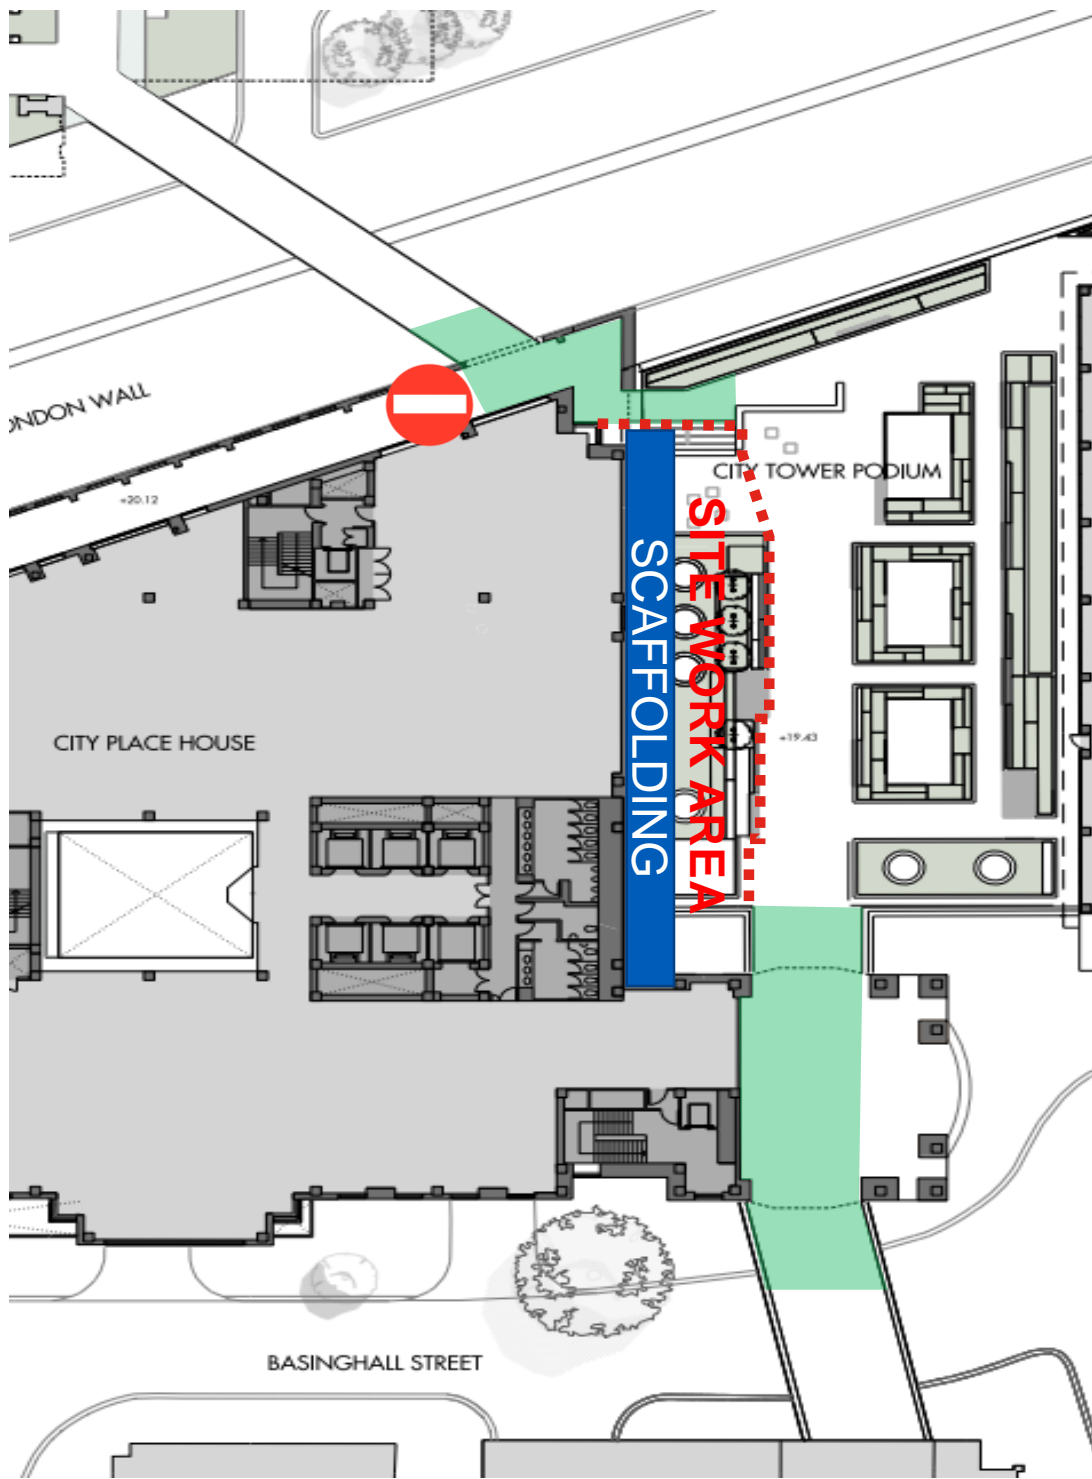

The covered walkways will have LED strip lights installed to maintain a “daylight” type light condition 24/7.

In additional LED floodlights will be installed on the eastern elevation scaffolding which will be controlled by a dusk to dawn sensor to ensure that the light is only working when required.

Security

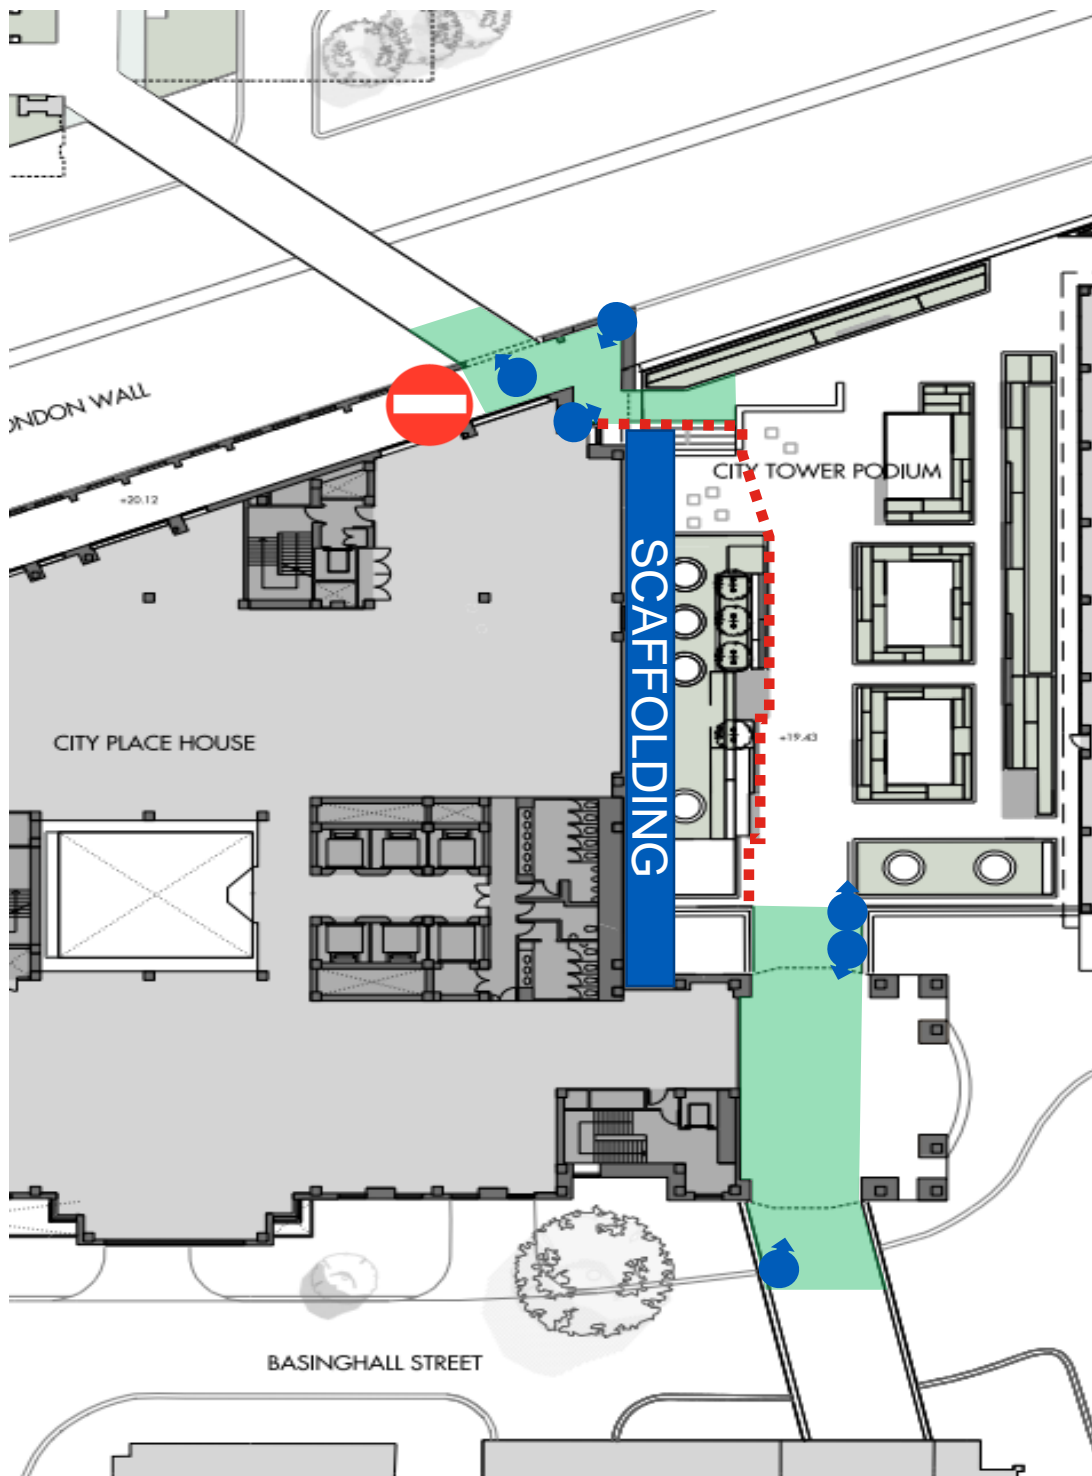

The existing onsite security operatives will monitor the CCTV 24/7 and will notify the relevant authorities if anything untoward is identified. The security operates have a constant communication link to their main control room.

Areas Of Covered Walkway

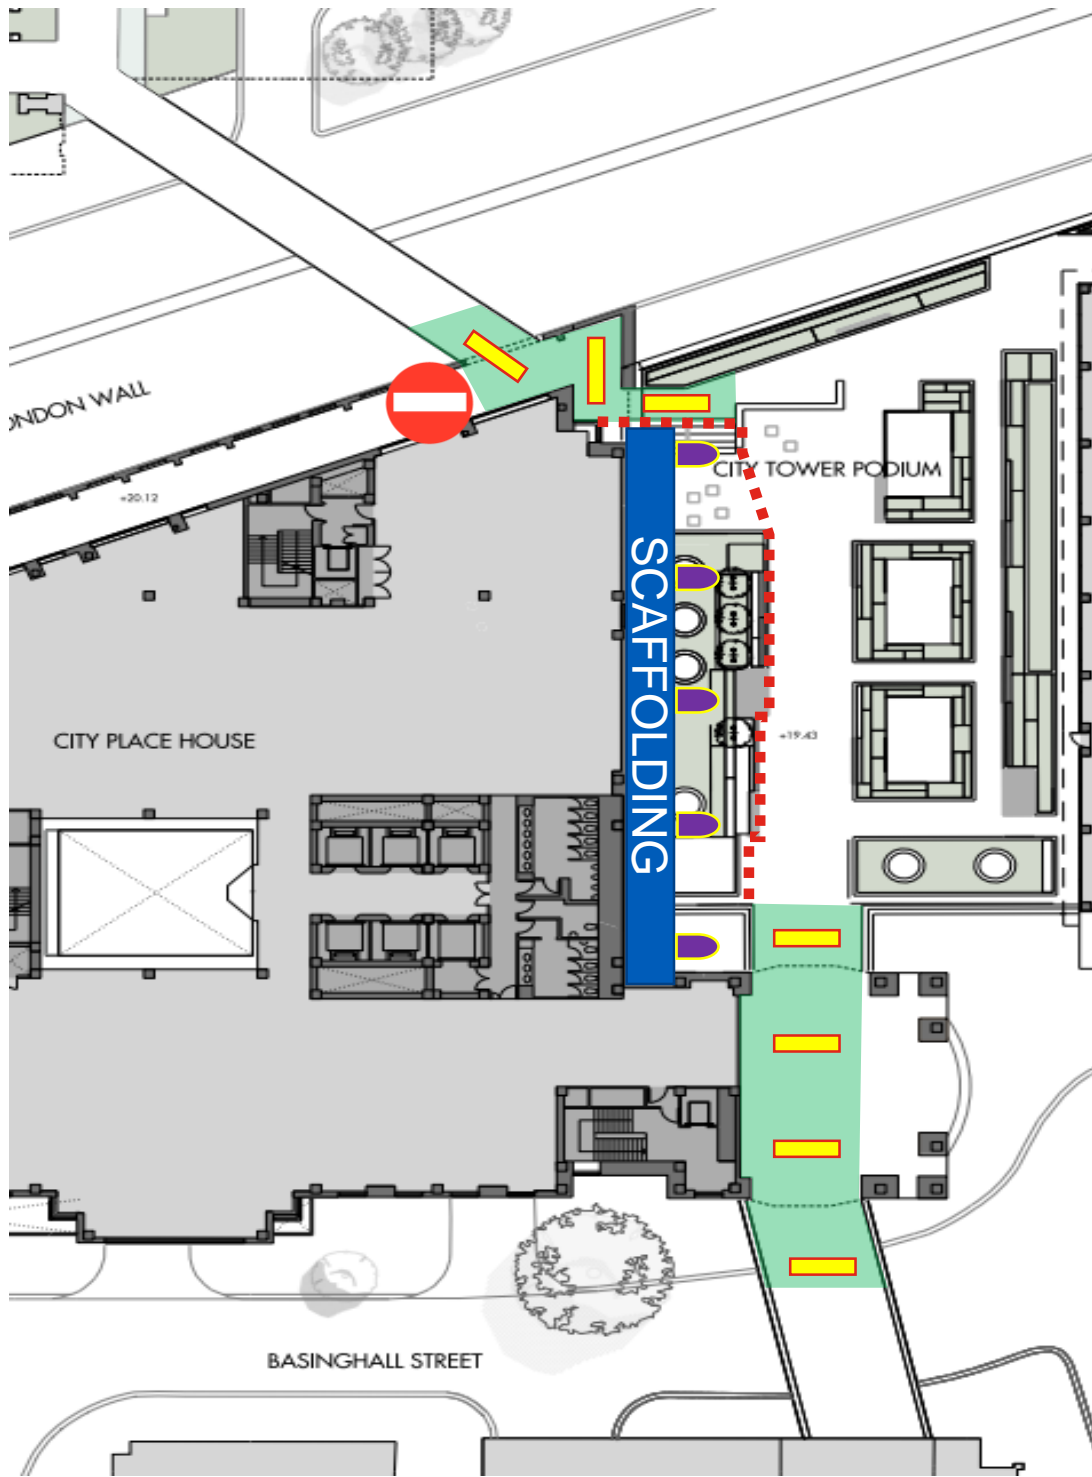

-  Heras Fencing – Site Demise Beyond
-  Covered Walkway
-  No Entry

CCTV Locations

Monitored CCTV Camera

Proposed Lighting

-  LED Lighting C/W Emergency Backup
-  LED Flood Type Light
