***London Wall West Letter from the City of London re further consultation.***

*All leaseholders will have received a letter from the case officer Gemma Delves at the dated 27<sup>th</sup> February inviting you to further consultation. The reason for the extension of the consultation period until 29 March is the submission of further documents including additional information on their application for planning approval for London Wall West.*

*Barbican Quarter Action is reviewing this information and will respond appropriately. Some of you have questioned what action should be taken.*

*If you have made your objections already, they still stand. The principles of the scheme have not changed, your objections remain valid as before. Nevertheless, if you have any comments to make on this new information feel free to do so. If you have not registered any objections to the proposals you can do so within the remaining three weeks.*
